Question No:1 (Marks:1) Please choose one

_____is like the building name for a website.

► Site ID P/287

► Navigation

► Section

► None of the given

Question No:2 (Marks:1) Please choose one

_____is particularly useful early in design. It is excellent technique to use with the prototype, because it provides a wealth of diagnostic information.

► Co-discovery

► Active intervention P/276

► Splendid research

► None of the given

Question No:3 (Marks:1) Please choose one

_____ is the extra work that satisfies the needs to achieve our objective.

► Evaluation

► Excise

P/245

► Testing

► None of the given

Question No:4(Marks:1) Please choose one

Panes, frames and other containers on screen is a kind of _____

► Functional and data elements P/206, Lect#24

► View

► Input method

► None of the given

Question No:5 (Marks:1) Please choose one

_____is the least technical way of collecting data, but it can be difficult and tiring to write and observe at the same time.

► Audio recording

► Taking notes P/365, Lecture # 40

► Observation

► Video

Question No:6 (Marks:1) Please choose one

Every page within a site should contain a brief_____that accurately describes the content of the page.

► Site ID.

► Header

► Local Navigation

► Search button

Question No:7(Marks:1) Please choose one

_____applications are great platforms for creating an environment rich, in visual feedback for the user

. ► Sovereign

P/222

► Transient

► Auxiliary

► Daemonic

Question No:8 (Marks:1) Please choose one

What is the fifth step in defining the requirements with respect to persona-based design? ► Brainstorming.

► Identifying persona expectations

► Constructing the context scenario

► Identifying needs

P/200

Question No:9 (Marks:1) Please choose one

You can load a VCR tape the right way because of_____.

► Physical constraints (Google)

► Logical constraints

► Cultural constraints

► None of these

Question No:10 (Marks:1) Please choose one

_____are unintentional while_____occur through conscious deliberation.

► Slips, mistakes

P/100

► Errors, slips

► Mistakes, errors

► Mistakes, slips

Question No:11 (Marks:1) Please choose one

What is the main strength of the Problem Space Framework as a model of human problem solving?

► It operates within the constraints of the human processing system

P/91

► It explains what is involved in insight

► It allows ill-defined problems to be solved

► None of these

Question No:12(Marks:1) Please choose one

_____is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available.

► Perception and recognition

► Attention

P/76

► Learning

► None of these

Question No:13 (Marks:1) Please choose one

Over a short period of time, we find it easier to remember the string of numbers "404 894 6743″ because

► Numbers are easier to remember than arbitrary characters.

► The grouping of the numbers is significant

► Ten numbers is not that many to have to remember from working memory.

► None of these

Question No:14 (Marks:1) Please choose one

_____environments are environments that are user and context aware.

► Attentive

P/418

► Non-attentive

► Visual

► Sensing

Question No:15(Marks:1) Please choose one

_____involves watching and listening to users.

► Observation P/361
► Evaluation
► Qualitative research
► Interaction

Question No:16(Marks:1) Please choose one

The name of the document should be shown on the application's_____.

A. Menu bar B. Title bar C. Title bar and menu bar D. Not Title bar and not menu bar

► Only B P/326
► Only D
► A and B
► A and D

Question No:17 (Marks:1) Please choose one

The established standard suite of _____for most applications consists of the Save As dialog, the Save Changes dialog, and the Open File dialog.

► OS management
► File management P/325
► Data management
► Application management

Question No:18(Marks:1) Please choose one

_____is the remarkable facility that lets us reverse a previous action.

► Redo
► Undo P/310
► Repeat
► Delete

Question No:19 (Marks:1) Please choose one

Explanatory undo is, generally, a much more pleasant feature than _____.

► Single Undo
► Multiple undo
► Blind undo P/312
► Incremental Undo

Question No:20 (Marks:1) Please choose one

Browser Title always contains the word '_____'.

0304-1659294 www.vulmshelp.com

AL-JUNAID INSTITUE GROUP

► Home
P/300
► Default
► Error
► Browser

Question No:21

Interpretation inquiry, according to Beyer and Holtzblatt, is based on a master-apprentice model of learning.

► True
► False
P/176

Question No:22(

Roughly_____percent of the male population has some degree of color blindness.

► 10 P/358__Lecture-39
► 20
► 30
► 40

Question No:23

The_____is a concrete expression of the more abstract structure of the site.

► Skeleton
P/306
► Scope
► Strategy
► Structure

Question No:24

_____are the street signs of the web.

► Site IDs
► Home pages
► Page Names P/391
► Sections

Question No:25(Marks:1) Please choose one

0304-1659294
www.vulmshelp.com

AL-JUNAID INSTITUE GROUP

_____is not like other pages; it has different burdens to bear, different promises to keep.

► Homepage P/287

► Form

► Navigation bar

► Sections

Question No:26 (Marks:1) Please choose one

The_____suggests identifying goals and questions first before selecting techniques for the study.

► RVM model

► DECIDE framework P/367

► Usability testing

► Field study

Question No:27 (Marks:1) Please choose one

Number of keystrokes is_____work.

► Logical

► Mnemonic

► Physical P/212___Lecture-25

► Structural

Question No:28 (Marks:1) Please choose one

Recalling password is _____work.

► Logical

► Mnemonic P/212___Lecture-25

► Physical

► Structural

Question No:29 (Marks:1) Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to_____persona

► Primar

► Secondary

► Served P/159

► Negative

0304-1659294 www.vulmshelp.com

AL-JUNAID INSTITUE GROUP

Question No:30 (Marks:1) Please choose one

_____is a powerful, multipurpose design tool that helps overcome several problems that currently plague the development of digital products.

► Scenario

► Persona P/187__Lecture-22

► Prototype

Question No:31 (Marks:1) Please choose one

The difference between the intentions and allowable actions is the:

► Gulf of Execution P/103__ Lecture -12

► Gulf of Evaluation

► None of these

Question No:32 (Marks:1) Please choose one

Attention is the process of selecting things to concentrate on, at a point in time, from the range of

► Possibilities available P/76

► Time Available

► None of these

Question No:33 (Marks:1) Please choose one

The goals of HCI are :

► Usability and User Experience

► Learn ability and Comfort

► Tasks and Goals.

Question No:34 (Marks:1) Please choose one

While there can be wide variations in where and how you conduct a usability test, every usability test shares:

► Three Characteristics

► Five Characteristics P/270

► Seven Characteristics

Question No:35 (Marks:1) Please choose one

WYSIWYG stands for_____. ?

► Where you see is where you get

► What you see is what you get P/36, Lecture-4

► When you see it when you get

AL-JUNAID INSTITUE GROUP

Question No:36 (Marks:1) Please choose one

_____is proportional to the amplitude of the sound.

► Pitch

► Loudness P/70, Lecture-8

► Timber

Question No:37 (Marks:1) Please choose one

Persona is not context specific, so it can be reused easily.

► True

► False P/189, Lecture_22

Question No:38 (Marks:1) Please choose one

In an email application configuring a new email server is a key path activity.

► True

► False

Question No:39(Marks:1) Please choose one

_____are perhaps the least-documented patterns, but they are nonetheless in widespread use.

► Postural

► Structural P/217

► Behavioral

► Mnemonic

Question No:40(Marks:1) Please choose one

The way people carry out an activity in the real world is same as how it may be observed in the laboratory.

► True

► False P/256

The way people carry out an activity in the real world is **different** as how it may be observed in the laboratory.

Question No:41 (Marks:1) Please choose one

Engineering a user interface involves a quantitative engineering style of working in which measurements are used to judge the quality of interface. Hence_____is appropriate.

► Usability testing P/264

► Field study

► Predictive evaluation

► DECIDE framework

Question No:42 (Marks:1) Please choose one

Exploring how children talk together in order to see if an innovative new groupware product would help them to be more engaged would probably be better informed by a_____.

► Usability testing

► Field study P/264

► Predictive evaluation

► DECIDE framework

Question No:43 (Marks:1) Please choose one

Beneath the surface is the_____of the site: the placement of buttons, tabs, photos, and blocks of text.

► Surface

► Structure

► Skeleton P/306, Lecture_35

► Scope

Question No:44 (Marks:1) Please choose one

_____are individual and isolated regions within display that can be selected by the user to invoke specific operations.

► Buttons P/133

► Pointers

► Menus

► Windows

Question No:45 (Marks:1) Please choose one

The_____function came into being as the result of the implementation model for undo

► Redo P/314

► Undo

► Repeat

► Delete

Question No:46 (Marks:1) Please choose one

If the user wants to _____place the document somewhere in the file system hierarchy, he can request this function from the menu.

► Explicitly P/327

► Implicitly

► Habitually

► Properly

Question No:47 (Marks:1) Please choose one

Design of user interfaces does not entirely_____aesthetic concerns, but rather it places such' concerns within the constraints of a _____ framework

► Include, Functional

► Exclude, Functional P/343, Lecture-38

► Include, Non-Functional

► Exclude, Non-Functional

Question No:48 (Marks:1) Please choose one

When developing_____, plan to keep them short, straightforward and avoid asking too many.

► Videos

► Documentation

► Interview questions P/371

► Contextual enquiry

Question No:49 (Marks:1) Please choose one

Conventional wisdom says that_____tell the user when he has made some mistake

. ► Program crash

► System stuck

► Error messages P/382

► Metadata

Question No:50 (Marks:1) Please choose one

People frequently counter the idea of_____feedback with arguments that users don't like it

► Audible P/393

► Video

► Walkthroughs

► Questions

Question No:51 (Marks:1) Please choose one

_____environments are environments that are user and context aware.

► Non-attentive

► Visual

► Sensing

0304-1659294 www.vulmshelp.com

► Attentive

P/418

Question No:52 (Marks:1) Please choose one

User personas that are not primary or secondary are_____personas.

► Served

► Negative

► Customer

► Supplemental

P/196

Question No:53(Marks:1) Please choose one

Which of the following is the comparison of what happened in the world with what we wanted to happen?

► Action

► Evaluation

P/99

► Execution

► None of these

Question No:54 (Marks:1) Please choose one

The size and shape of a compact disk, is a type of_____constraint.

► Physical

P/106

► Logical

► Cultural

► None of these

Question No:55 (Marks:1) Please choose one

_____Research can tell you about what, how, many and why in rich, multivariate detail

► Quantitative

► Qualitative P/166

► SME

► None of these

Question No:56 (Marks:1) Please choose one

_____is the least technical way of collecting data, but it can be difficult and tiring to write and observe at the same time.

► Audio recording.

► Taking notes.

P/365

0304-1659294 www.vulmshelp.com

► Observation
► Video

Question No:57 (Marks:1) Please choose one

_____is particularly useful early in design. It is excellent technique to use with the prototype, because it provides a wealth of diagnostic information.

► Co-discovery
► Active intervention P/276
► Splendid research
► None of the given

Question No:58 (Marks:1) Please choose one

Information sites with daily-updated information will naturally attract _____users more than a monthly-updated site.

► Repeat P/229
► Infrequent
► Nonuse
r ► None of the given

Question No:59 (Marks:1) Please choose one

Evaluations done during design to check that product continues to meet users' needs are known as_____evaluation.

► Formative
P/258
► Summative
► Relative
► None of the given

Question No:60 (Marks:1) Please choose one

_____frequent your primary personas access the site, _____ transient a stance the site needs to take (respectively).

► More, Less
► Less, more P/232
► Less, less
► None of the given

Question No:61 (Marks:1) Please choose one

Which of the given statements correctly defines effectiveness in terms of one of the usability goals?

► It is a very general goal and refers to how good a system at doing what it is suppose to do. P/31 Lecture-4
► It refers to the way a system supports users in carrying out their tasks.

► It involves protecting the users from dangerous conditions
► It involves protecting the users from undesired situations

Question No:62 (Marks:1) Please choose one
Which of the following is not a secondary color?
► Green
► Orange
► Purple
► Blue P/63_- Lecture-8

Question No:63 (Marks:1) Please choose one
Which of the following device can not be useful for a visually impaired person?
► a typical keyboard
► a typical monitor
► a typical speaker
► a typical processor

Question No:64 (Marks:1) Please choose one
Which of the following requires less cognitive effort than others?
► Listening P/87
► Speaking
► Hearing
► None of the given

Question No:65 (Marks:1) Please choose one
We are deficient in our development_____, not in our development _____(respectively).
► Process, Tools P/23, Lecture-3
► Tools, Process
► Tools, Methodology
► None of these

Question No:66 (Marks:1) Please choose one
Which of the following is not true regarding "cones"?
► A type of receptor in eye more sensitive to light
► Different types of cones are sensitive to different wavelengths of light
► Eye has approximately 6 million cones

Question No:67 (Marks:1) Please choose one
Which of the following does not count as one of the advantages of computers?
► Computers are enabling new discoveries
► Leading to efficiencies

0304-1659294
www.vuhelp.com

► Making our life convenient

► Depending so much on computers may give fatal results

Question No:67 (Marks:1) Please choose one

The gulf of execution refers to_____.

► The user's difficulty in understanding the feedback from the system

► The system's difficulty in presenting information in the output language

► The system's difficulty in converting an input expression into the correct system state transition

► The user's difficulty in formulating and articulating an intention to the system

Question No:68 (Marks:1) Please choose one

Learnability, flexibility and robustness are three main usability principles that can be considered as general headings for standards and guidelines generation. Which of the following are also high level usability categories that can guide standards and guidelines generation? (i) Effectiveness (ii) Efficiency (iii) Fault tolerance (iv) Satisfaction

► (i) & (ii)

► (i), (ii) & (iv)

► (ii) & (iii)

► (ii) & (iv)

Question No:69 (Marks:1) Please choose one

Which of the following is not true?

► Utility refers to the functionality of a system

► Usability is concerned with adding complexity to the system P/30 Lecture-4

► Usability is concerned with making systems easy to use

► Poorly designed computer system can be extremely annoying to users

Question No:70(Marks:1) Please choose one

The command line interface is used because

► It is easy to understand

► It is demanded by DOS

► It is offered by Unix systems

► It is powerful and flexible (Google)

Question No:71 (Marks:1) Please choose one

Which of the following is not one of the primary colors?

► Red

► Yellow

www.vulmshelp.com

► Blue

► Green P/63_- Lecture-8

Question No:72 (Marks:1) Please choose one

Which of the following is concerned primarily with understanding human behavior and the mental processes that underlie it?

► Psychology

pg 43

► Sociology

► Statistics

► Computer

► Science

Question No:73 (Marks:1) Please choose one

HCI deals with

► Design of interactive system only

► Evaluation of interactive system only

► Implementation of interactive system only

► All of the given choices

Question No:74(Marks:1) Please choose one

Human beings interact with outside world, using their

► input channels

► output channels

► sense of sight

► All of the given /54

Question No:75 (Marks:1) Please choose one

Visually impaired persons can interact with outside world using their

► Sense of sight

► Sense of hearing

► Both sense of touch and sense of hearing

► Sense of touch

Question No:76(Marks:1) Please choose one

_____is the process of selecting things to concentrate on, at a point in time, from the range of possibilities available

► Reasoning

► Decision Making

► Attention P/76, Lecture-9

Question No:77 (Marks:1) Please choose one

AL-JUNAID TECH INSTITUTE 0304-1659294 www.vulmshelp.com

_____refers to the relationship between controls and their effects in the world.

► Visibility

► Affordance

► Mapping P/107, Lecture-12

Question No:78 (Marks:1) Please choose one

._____plays a role to bridge up the gap between the interfaces of machines and human understanding.

► Human computer Interaction

► Software Engineering

► Human Computer Interfaces

Question No:79 (Marks:1) Please choose one

_____ is a very general goal of Usability and refers to how good a system at doing what it is suppose to do.

► Effectiveness P/31

► Efficiency

► Utility .

Question No:80 (Marks:1) Please choose one

_____is what goes on in out heads when we carry out our everyday activities.

► Cognition P/47

► Learnability

► Memeorability

Question No:81 (Marks:1) Please choose one

_____is the process by which we use the knowledge we have to draw conclusions or infer something new about the domain of interest.

► Decision Making

► Reasoning P/89

► Problem Solving

Question No:82(Marks:1) Please choose one

_____research helps us understand the domain, context and constraints of a product in different, more useful ways than_____research do

►. Qualitative, Quantitative P/167

► Quantitative, Qualitative
► None of them

Question No:83 (Marks:1) Please choose one

In an organization individuals may keep their own records, or there may be local gurus. This statement concerns with_____.

► Paper work and computer work
► Spatial and temporal organizations
► Organizational memory
pg 176
► None of these

Question No:84 (Marks:1) Please choose one

Using icons on the desktop to represent operations is a type of _____ constraint.

► Physical
► Logical
► Cultural pg 106
► None of these

Question No:85 (Marks:1) Please choose one

_____is a term used to refer to an attribute of an object that allows people to know how to use it.

► Visibility
► Affordance P/105
► Constraint
► None of these

Question No:86(Marks:1) Please choose one

_____minimizes errors.

► Affordance
► Visibility
► Constraints
► None of these

Question No:87(Marks:1) Please choose one

Which of the following is proportional to the amplitude of the sound; the frequency remains constant?

► Pitch
► Loudness P/70, Lecture-8
► Timber

0304-1659294 www.vulmshelp.com

► None of these

Question No:88 (Marks:1) Please choose one

The persona's needs are sufficiently unique to require a distinct interface form and behavior is_____type of Persona.

► Primary

P/159

► Secondary

► Supplement

► Negativ

Question No:89 (Marks:1) Please choose one

A _____is usually a collection of icons those are reminiscent of the purpose of the various modes.

► Button

► Pointer

► Palette P/133

► Title bar

Question No:90 (Marks:1) Please choose one

The persona is not an actual user of the product, but is indirectly affected by it and its use refers to_____persona

► Primary

► Secondary

► Served

P/159

► Negative

Question No:91 (Marks:1) Please choose one

During_____phase, usage and workflow patterns discovered through _____.

► Modeling, analysis

P/159

► Analysis, modeling

► Testing, modeling

► Testing, Analysis .

Question No:92 (Marks:1) Please choose one

Waterfall model is basically a_____ model in which each step must be completed before the next step can be started

► Incremental

AL-JUNAID TECH INSTITUTE 0304-1639294 www.vulmshelp.com

► Linear

P/149

► Iterative

► Analytical

Question No:93 (Marks:1) Please choose one

Models are used in design to

► Generate the design

► Evaluate the design

► Generate and evaluate the design (Google)

► None of the given

Question No:94 (Marks:1) Please choose one

What is a semantic network?

► A model of long-term memory

P/82

► A record of our memory of events

► The part of the brain which allows us to remember things

► A mechanism for improving memory

Question No:95 (Marks:1) Please choose one

Which are the most significant senses for the average person when it comes to interacting with a computer?

► Sight and hearing

► Hearing, touch and smell

► Hearing and touch

► Sight, hearing and touch

Google

Question No:96 (Marks:1) Please choose one

_____refers to the way a system supports users in carrying out their tasks.

► Efficiency

P/31

► Effectiveness

► Utility _

Question No:97(Marks:1) Please choose one

_____are GUIs that consists of electronic counterparts to physical objects in the real world to match the knowledge requirements of users.

► User Interaction Models

► Conceptual Models Interface

www.vulmshelp.com

► Metaphors
P/51

Question No:98(Marks:1) Please choose one

_____language tends to be grammatical while_____language is often Ungrammatical.

► Written, spoken P/87
► Spoken, written
► None of the given

Question No:99 (Marks:1) Please choose one

Aspect gives us hints and tips about using and creating user interface idioms.

► Strategic
► Tactical P/143
► None of the given choices

Question No:100 (Marks:1) Please choose one

The Usability Engineering lifecycle was proposed by_____.

► Deborah Mayhew
P/153
► Websterfg Barry
► Boehm
► Hartson

Question No:101(Marks:1) Please choose one

XYZ Ltd is well reputed software house; they make a significant investment in building---------- that encourages greater customer loyalty.

► Visual Symbols
► Grouping
► Brand Equity P/353
► Harmony

Question No:102(Marks:1) Please choose one

Ali wants to develop an application that incorporates print, audio video media and software applications on a single place. Which of the following will help in this regard?

► MS World
► Worldwide Web
► Television Newspaper

Question No:103 (Marks:1) Please choose one

Ali is looking at how interface designers went about their work. He identified two different modes of activity: one is_____ and other is_____.

0304-1659294
www.vulmshelp.com

► Analytic mode, synthetic mode P/153

► Evaluation mode, testing mode

► Analyze mode, feedback mode

► Implementation mode, task mode

Question No:104 (Marks:1) Please choose one

Scenario content and context are derived from information gathered during the _____phase and analyzed during the_____phase (respectively)

► Modeling, Implementation

► Modeling, Research

► Research, Implementation

► Research, Modeling pg 199

Question No:105 (Marks:1) Please choose one

Ali requires access via a navigational portal relatively infrequently that provides clear, simple navigational control. Which of the following posture is appropriate in this case?

► Auxiliary

► Transient pg 231

► Information

► Sovereign

Question No:106 (Marks:1) Please choose one

_____ are dragged down from the title at the top of the screen.

► Pull Down Menus pg 132

► Main Menus

► Icons

► Buttons

Question No:107 (Marks:1) Please choose one

When you engaged in a conversation you are more attentive what the other person is saying. It is called?

► Focused Attention P/78

► Voluntary Attention

► Involuntary attention

► Divided Attention

0304-1659294 www.vulmshelp.com

AL-JUNAID INSTITUE GROUP

Question No:108 (Marks:1) Please choose one

Drive a vehicle while holding a conversation with a passenger is the example of _____.

► Focused Attention
► Voluntary Attention
► Involuntary attention
► Divided Attention
P/78

Question No:109 (Marks:1) Please choose one

GOMS stands for

► Goals operation methods and selection rules
P/50
► Goals objects models and selection rules
► Goals operations methods and state rules
► Goals operations models and state rules

Question No:110 (Marks:1) Please choose one

Which of the following is/are the main component(s) of color?

► Hue
► Intensity
► Saturation
► All of the given P/59

Question No:111 (Marks:1) Please choose one

_____ represent the user's expectations of the tangible outcomes of using a specific product.

► Non-user goals
► End goals
P/192
► Experience goals
► Life goals

Question No:112 (Marks:1) Please choose one

If you are taking lecture and suddenly you hear music or voices from the other room. It is called?

- Focused attention
- Divided attention
- Voluntary attention
- Involuntary attention Page # 70

0304-1659294 www.vulmshelp.com

AL-JUNAID INSTITUE GROUP

Question No:113 (Marks:1) Please choose one

Question # 114: Which of the following is a long-term individual difference?

o Age

o Sex Click here for more Detail

o Fatigue

o Color

Question No:114 (Marks:1) Please choose one

_____refers to how good a system at doing What it is supposed to do?

o Safety

o Usability

o Efficiency

o Effectiveness Page # 31

Effectiveness

Question No:115 (Marks:1) Please choose one

As a software designer, which aspects guide you to think about the Way in which the user and the
idiom interact?

o Tactical

o Manual

o Technical

o Strategic Page # 143

Question No:116 (Marks:1) Please choose one

Adeel renders financial services in ―ABC¦ bank .He specialized in his field. What he is called as
from the following?

o Society of manufacturing engineer (SME)

o Subject matter expert (SME) Page # 168

o Small and medium enterprise (SME)

o Subject master engineering (SME)

Subject matter expert (SME)

Question No:117 (Marks:1) Please choose one

____capture the non-verbal dialogue between artifact and user over time.

o Persona

o Scenario Page # 199

o Dialogue

0304-1659294
www.mshelp.com

o Design model

Question No:118 (Marks:1) Please choose one

Scenario content and context are derived from information gathered during_____ the phase and
analyzed during the_____phase (respectively)

o Modeling, implementation
o Modeling, Research
o Research, implementation
o Research, modeling Page # 100

Question No:119 (Marks:1) Please choose one

Alia is used to describe design problem /solution by_____that is an imagined or projected
sequence of events, especially any of several detailed plans or possibilities

o Persona
o Scenario PG # 198
o Brainstorming

Question No:120 (Marks:1) Please choose one

Which of the following steps is NOT the process of defining the interaction Framework?

o Defining form factor and input methods
o Defining Images and maps Page # 205
o Defining functional and data elements
o Constructing key path scenarios

Question No:121 (Marks:1) Please choose one

Which of the following is least likely to be revealed by a paper prototype?

o Your users don't know the term algorithm
o Toolbar buttons are too small to press
o The Help menu isn't in the right place
o Radio buttons are too small

Question No:121 (Marks:1) Please choose one

Recalling password is_____Work.

0304-1659294
www.vulmshelp.com

o Logical
o Mnemonic Page # 212
o Physical
o Structural

Question No:122 (Marks:1) Please choose one

_____patterns can be applied at the conceptual level

o Postural Page # 217
o Structural
o Behavioral
o Mnemonic

Question No:123 (Marks:1) Please choose

The___suggests identifying goals and questions first before selecting techniques for the
study.

o RVM model
o DECIDE framework Page # 367
o Usability testing
o Field study

Question No:124 (Marks:1) Please choose

Exploring how children talk together in order to see if an innovative new groupware product would
help them to be more engaged would probably be better informed by a _____

o Usability testing
o Field study Page # 264
o Predictive evaluation
o DECIDE framework

Question No: 125 (Marks:1) Please choose

**Exploring how children talk together in order to see if an innovative new groupware product would
help them to be more engaged would probably be better informed by a____.**

o Field studies Page # 264

XYZ Ltd is Well reputed software house; they make a significant investment in building____that encourages greater customer loyalty

o Visual symbols
o Grouping
o Brand equity Page # 353
o Harmony

Question No: 137 (Marks: 1) Please choose

Political campaigns, marketing department ask users inquires by conducting the following interview technique?

o Focus group
o Walkthroughs
o Heuristics
o Telephonic

Question No: 138 (Marks: 1) Please choose

Being a programmer you Wrote lot of error messages While coding. Which of the following is not the requirement to Write Well-formed error messages?
o Be polite

o Be harsh Page # 386
o Be helpful
o Be illuminating

Question No: 139 (Marks: 1) Please choose

AL-JUNAID TECH INSTITUTE www.vulmshelp.com

_____computers are especially useful for applications that require computational support While the user's hands, voice, eyes or attention are actively engaged with the physical environment

o Wearable Page # 414
o Ubiquitous
o Attentive environment
o Tangible bits

Question No: 140 (Marks: 1) Please choose

Requirements specification involves:
A. Capturing the functional requirements of the system architecture
B. Eliciting information about the Work domain from the customer.

o Only A
o Only B
o Both A and B
o Not A and Not B

Question No: 141 (Marks: 1) Please choose

What are the Most common things you do with the product is a type of___.

o Goal- oriented question
o System - oriented question Page # 182
o Workflow- oriented question
o Attitude-oriented question
System-oriented questions
Function

Question No: 142 (Marks: 1) Please choose

What are the most common things you do with the product?
What do you procrastinate on? is type of _____

AL-JUNAID TECH INSTITUTE

___has a goal of assessing whether the product works according to its specifications.

o Trunk Test
o Quality assurance Page # 270
o Both above
o None of the above

Quality assurance or function test, which has a goal of assessing whether the product works according to its specifications.

Question No: 227(Marks: 1) Please choose

In usability test, which is a technique from given below options, in which you have two participants work together to perform the tasks.

o Active Intervention
o Co-Discovery Page # 276
o Trunk test
o None of the given

Question No: 228(Marks: 1) Please choose

Information sites with daily-updated information will naturally attract___ users more than a monthly-updated site.

o Repeat Page # 229
o Infrequent
o Nonuser

AL-JUNAID TECH INSTITUTE 0304-1659294 www.vulmshelp.com

o None of the given

Informational sites with daily-updated information will naturally attract repeat users more than a monthly-updated site.

Question No: 229(Marks: 1) Please choose

If the user requires access via a navigational portal relatively infrequently, the appropriate posture is_____.

o Sovereign
o Transient Page # 231
o Temporary
o None of the given

Question No: 230(Marks: 1) Please choose

Because the user's interaction with a____program dominates his session at the computer, the program shouldn't be afraid to take as much screen real estate as possible.

o Transient
o Auxiliary
o Sovereign Page # 222
o Daemonic

Question No: 231(Marks: 1) Please choose

_____is particularly useful early in design. It is excellent technique to use with the prototype, because it provides a wealth of diagnostic information.

o Co-discovery
o Active intervention Page # 276
o Splendid research
o None of the given

Question No: 232(Marks: 1) Please choose

To make an appointment you need to see a calendar and possibly contacts you might incorporate all these together, due to___.

o Form factor Page # 206
o Input method
o View
o None of the given

Question No: 233(Marks: 1) Please choose

Global Navigation system is also called____.
o Site ID
o Persistent Navigation
o Both
o None Page # 287

Question No: 234(Marks: 1) Please choose

____applications are great platforms for creating an environment rich, in visual feedback for
the user.
o Sovereign Page # 222
o Transient
o Auxiliary
o Daemonic

Question No: 235(Marks: 1) Please choose

Overviews serve a similar purpose to ___in an interface.
o Navigation
o Excise
o Signposts Page # 253
o None of the given

Question No: 236(Marks: 1) Please choose

Panes, frames and other containers on screen is a kind of _____
o Functional and data elements Page # 206
o View
o Input method
